Topic	Details	Information (I), Decision (D) or Action (A)
General	<ul style="list-style-type: none"> • A3 will review main booking flow by Friday (14 Feb) • Links to the main booking flows are as follows (D) https://branchspace.invisionapp.com/d/main?origin=v7#/projects/prototypes/19306107 (M) https://branchspace.invisionapp.com/d/main?origin=v7#/projects/prototypes/19305476 • A3 will contact agency and try to schedule user testing for phase 1 (main booking flow), optimally in the week starting from 17 Feb 	A (A3) I A (A3)

Payment flow	<ul style="list-style-type: none"> • UX for Multi-payment case was not easily understood. With modifications made during the meeting, the concept was generally accepted but needs to be revised further. • The placement of the Split/Multi-payment action needs to be reconsidered. It looks like a separate option that cannot be used with selected payment method • The order (Voucher/M+B/Credit card) should be reconsidered. Perhaps voucher could be moved to right side of interface with summary. Another iteration is required • Put all steps in the flow in order to understand how it works 	A (BRS) A (BRS) A (BRS) A (BRS)
Registration in-path	<ul style="list-style-type: none"> • The registration process could easily be bypassed in current design. Look at incorporating within contact details and letting users know they only have to input a password to create the account 	A (BRS)

One-page flight selection

- A3 will come back with more comments to the concept if it is required
- Fare Families have to be updated to the below version
